How to Run this Project

❖ Install NodeJs (Ignore If Already Installed)

1. Visit the official Node.js website: https://nodejs.org/en/download/
2. Download the Node.js installer
3. Run the installer.
4. Follow the prompts in the installer.

❖ Steps To Run React Project

1. Open Project Folder In VS Code
2. Right Click on 'frontend' folder > Select "Open In Integrated Terminal"
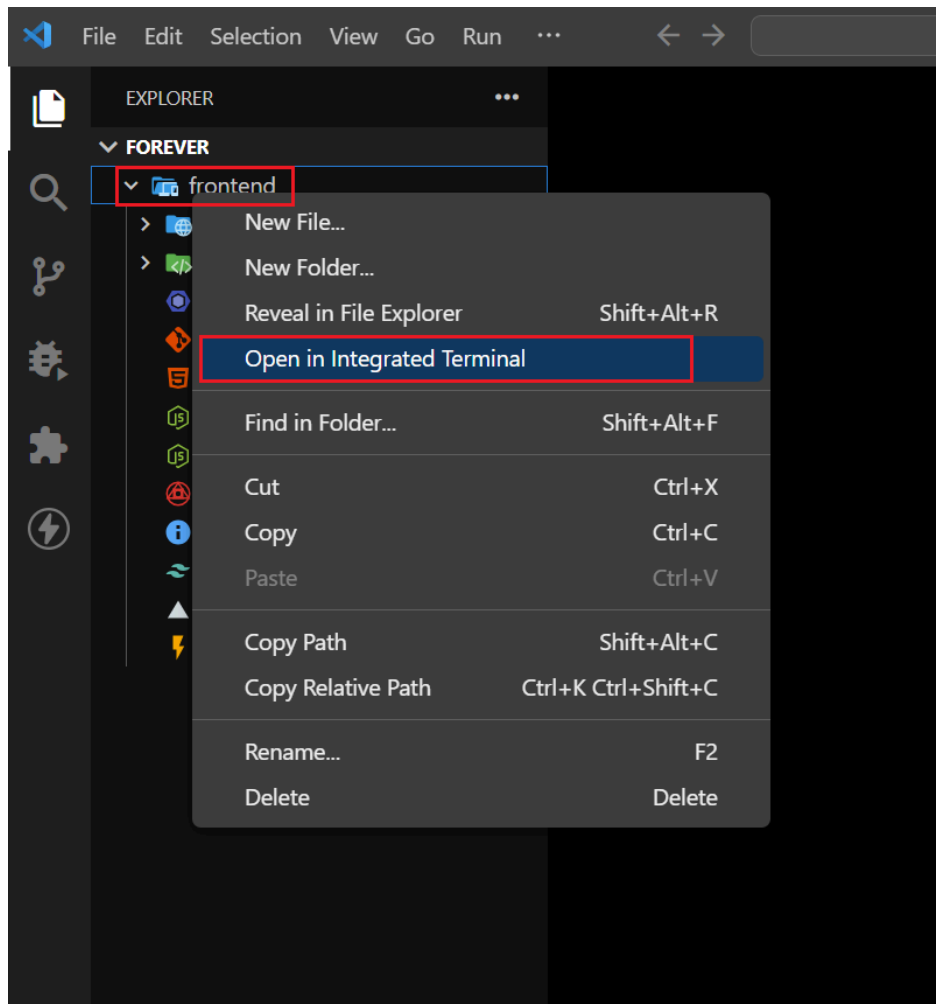

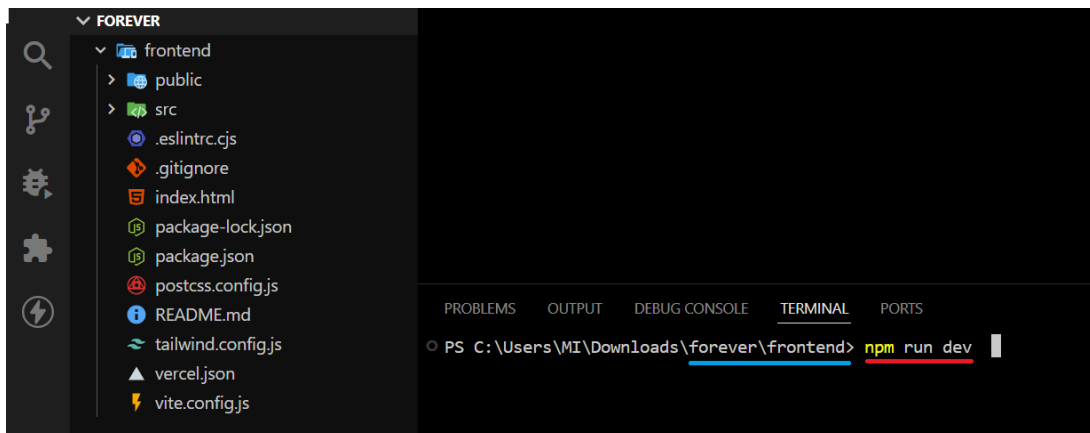

3. Type "**npm install**" and press Enter and Wait for Installation to be completed (requires Internet)

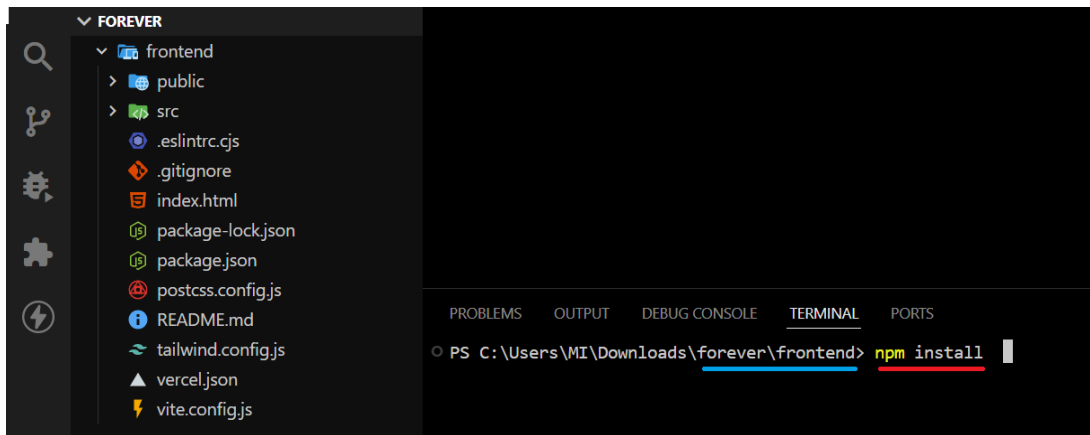

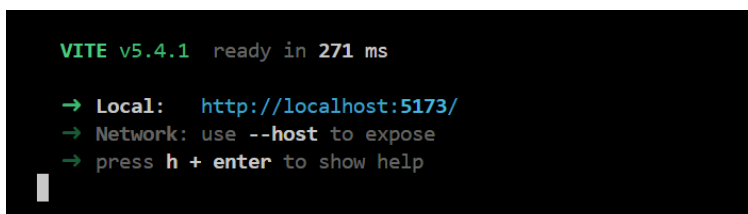

4. After Installation You will See '**node_modules**' Folder in the Sidebar
5. After that type "**npm run dev**" in terminal

6. Now It will display a localhost URL, just open that URL in web browser.
